Subject: RHNA Allocation for Yorba Linda

To whom it may concern,

I just became aware of the fact that the city has determined that its draft RHNA allocation was calculated at 2411 units. It seems as though the calculation did not follow the state housing law. Yorba Linda can not handle more homes of such number being that it is a high fire hazard severity zone. Many home insurance will not cover homes in Yorba Linda. High density housing will put more people in danger as they scramble to leave their homes and the crowded streets when we have our next fire. Please reconsider and recalculate this allocation in Yorba Linda. Thank you for your time and consideration.

Sincerely,

Mark Lee
